8. Notes on Budget Preparation:

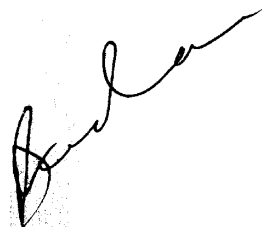

- a. Please note that the proposed budget will only be allocated if the review committee finds it to be reasonable and justifiable. The submission does not guarantee that each proposal will be funded with the amount of proposed budget. The Central Evaluation Committee reserves the right to change the budget (allocation).
- b. Researchers are not allowed to spend money for purchasing software, laptop, Desktop, Camera, transcription of data, publication fee, printing of the report in book form, developing questionnaire.
- c. For scientific research, the researchers can purchase machines, lab materials, reagents, samples, tools, chemicals, etc. But the total procurement shall not exceed 50% of the proposed budget.
- d. For primary data collection, no allowance/honorarium shall be given to the respondents of Survey, FGD, Interview or any data collection method. A lump sum amount of money can be spent for the refreshment for the participants of FGD or workshop (if any).
- e. In case of secondary data, the researchers are expected to purchase books and relevant articles, data and journals which will be submitted to the departmental seminar after the completion of the project.

9.0 Justifications of different heads of the proposed budget (maximum 300 words) especially in case of field visit and procurement, if any.

10.0 Detailed work plan
