NITER

Md. Mahabub Hasan

Textile Engineering

Bio

Md. Mahabub Hasan is currently working as an associate Professor in Textile Engineering Department at National Institute of Textile Engineering & Research (NITER), Savar, Dhaka. He completed his B.Sc. in Textile Engineering in 2003 from College of Textile Engineering and Technology, affiliated college of University of Dhaka. He received M.Sc in Textile and Clothing Materials in 2013 from Technical University, Germany under DAAD scholarship. He has the experience to work in renowned textile industries in Bangladesh. He has also experience to work as an assistant Professor in Primeasia University, Banani, Dhaka and Bangladesh University of Business and Technology, Mirpur, Dhaka, Bangladesh.

Education

Degree Name	Group/Major Subject	Board/Institute	Country	Passing Year
B.Sc.	Textile Technology	Dhaka University	Bangladesh	2003
Master in Textile and Clothing Technology	Textile Technology	Technical University Dresden, TUD	Germany	2013

Experience

Job Title	Organization	Location	From Date	To Date
Associate Professor	National Institute of Textile Engineering & Research	Nayarhat, Savar, Dhaka	06-01-2019	Continue
Assistant Professor	National Institute of Textile Engineering & Research	Nayarhat, Savar, Dhaka, Bangladesh	08-02-2018	30-09-2018
Assistant Professor	Bangladesh University of Business and Technology (BUBT)	Mirpur, Dhaka, Bangladesh	01-10-2014	07-01-2018
Lecturer to Assistant Professor	Primeasia University	Banani, Dhaka, Bangladesh	01-01-2008	30-09-2014
Production officer, Yarn & Knit dyeing unit	Sinha Textile Group	Narayanganj, Bangladesh	01-08-2005	31-12-2007

Research Activities

Research Interest

Subject	Description	Research Interest (Goal/ Target Indication)
Dyeing, Printing & Finishing	Coloration of various types of fibers, yarns and fabrics using innovative methods and technology. Development of sustainable finishing technology for providing quality fabrics.	To develop green technology or reduce the dyes and chemicals in the industry
Technical Textiles	To incorporate various types of materials for producing functional textiles.	Medical textiles, textile composite, smart textile, intelligent textile and many more.

Project/Research Supervision

Level of Study	Title	Supervisor	Co-Supervisor(s)	Name of Student(s)	Area of Research	Current Completion
M.Sc.	Investigating comfort properties of denim fabric based on the structure of Coolmax® fiber	Md. Mahabub Hasan	-	Imtiaz Shahriar	Functional Textiles	Completed
M.Sc.	Chemical-Free pretreatment of Knitted Cotton Fabric for Optimum Dyeing Performance	Md. Mahabub Hasan	-	Mehedy Hasan	Greener Coloration Technology	Completed

Project/Research Work

Subject	Project Name	Source of Fund	From Date	To Date	Collaboration
Development of chitosan yarn by wet spinning technology	Chitosan yarn development for medical purpose	TU Dresden	October, 2012	March, 2013	**Dr. Hund** Faculty member, Technical University, Dresden, Germany.
Developed 3D glass fabric in warp knitting machine for the use of different functional purposes	Development of 3D glass fabric	TU Dresden	April, 2013	July, 2013	**Prof. Krzywinski** Faculty member, Technical University, Dresden, Germany.
